Preferred Drug List

## Preferred Drug List

The Sunshine Health Preferred Drug List (PDL) is a guide to available brand and generic drugs that are approved by the Food and Drug Administration (FDA). Drugs may be covered through your prescription drug benefit for indications that are evidence based, meaning there is data showing the use for that condition is safe and effective. Generic drugs have the same active ingredient as their brand name counterparts and should be considered the first line of treatment. If there is no generic available, there may be more than one brand name medication to treat a condition. The preferred brand name medications are listed on Tier 2 to help identify prescription drugs that are clinically appropriate, safe and cost effective.

Please note, the preferred drug list is not meant to be a complete list of the drugs covered under your prescription benefit. Not all dosage forms or strengths of a drug may be covered. This list is periodically reviewed and updated and may be subject to change. Drugs may be added or removed or additional requirements may be added in order to approve continued use of a specific drug.

## Pharmacy Benefit Manager

Sunshine Health works with Envolve Pharmacy Solutions to process pharmacy claims for prescribed drugs. Envolve Pharmacy Solutions is our Pharmacy Benefit Manager. Some drugs on the Sunshine Health PDL may require prior authorization which is performed by Envolve Pharmacy Solutions.

## Specialty Drugs

Certain medications are only covered when supplied by Sunshine Health's specialty pharmacy provider AcariaHealth. Most specialty drugs, such as biopharmaceuticals and injectables, require a PA to be approved for payment by Sunshine Health.

## Dispensing Limits

Drugs may be dispensed up to a maximum of thirty-one (31) day supply for each new prescription or refill. A total of 85% of the day supply must have elapsed before the prescription can be refilled for all drugs.

## Filling a Prescription

Prescriptions may be filled at a Sunshine Health network pharmacy. To locate a network pharmacy, search on-line or contact Sunshine Health Member Services. At the pharmacy the member will need to provide the pharmacist with the prescription and their Sunshine Health ID card.

## Prescription Drug Benefit Design

<b>Sunshine Health Stars</b>
Pharmacy Deductible: \$1,500
\$5 Copay for generic drug
\$25 copay for preferred brand drug, after Pharmacy Deductible has been met
\$50 Copay for non-preferred brand drug, after Pharmacy Deductible has been met
25% coinsurance for a Specialty drug after Pharmacy Deductible has been met
Pharmacy Max Out-of-pocket: \$2,350

## Drug List Key

Brand name drugs are listed in CAPS and generic drugs are lower case. Drugs may be covered under different copay tiers depending on your benefit:

Tier 0 – No Copayment for those drugs that are used for prevention and are mandated by the Affordable Care Act. Select oral contraceptives, vitamin D, folic acid for women of child bearing age, and smoking cessation products may be covered under this tier. Certain age or gender limits apply.

Tier 1 – Lowest Copayment for generic drugs that offer the greatest value compared to other agents used to treat similar conditions.

Tier 2 – Medium copayment cover brand name drugs that are generally more affordable, or may be preferred compared to other drugs to treat the same conditions.

Tier 3 – Highest copayment covers higher cost brand name drugs. This tier may also cover those brand name drugs that have a generic alternative.

Tier 4 – Coverage for this tier are for “specialty” drugs used to treat complex, chronic conditions that may require special handling, storage or clinical management.

## Exclusions

The following drug categories are not part of the Sunshine Health PDL and are not covered by the 72 hour emergency supply policy:

- Anti-Hemophilia Products (anti-hemophilia drugs are only covered as a result of emergency stabilization, during a covered inpatient stay, or when needed before a surgical procedure is performed)
- Injectable/Oral drugs administered in an infusion center, mental health center or inpatient setting.
- Prostheses, appliances, and devices (except products for Diabetics and products used for contraception)
- Fertility enhancing drugs
- Anorexia, weight loss, or weight gain drugs (unless prescribed for an indication other than obesity)
- Experimental or investigational drugs
- Drug Efficacy Study Implementation (DESI) and Identical, Related and Similar (IRS) drugs that are classified as ineffective
- Oral vitamins and minerals or OTC drugs (except those listed in the PDL)
- Nutritional supplements
- Drugs and other agents used for cosmetic purposes or for hair growth
- Erectile dysfunction drugs
- DESI drugs that are defined as less than effective by the Food and Drug Administration

## Newly Approved Products

Sunshine Health reviews new drugs for safety and effectiveness before adding them to the PDL. During this period, access to these medications will be considered through the PA review process. If Sunshine does not grant PA we will notify the member and their practitioner and provide information regarding the appeal process.

## Pharmacy Appeals and Grievances

If you disagree with a decision regarding coverage of a medication, you, your doctor, or someone that you name to help you, can ask us to change our decision. This is called an appeal. You can ask for an appeal in writing or by calling us. If you want to appeal, you must tell us within thirty (30) days of your notice letter. You can file an appeal by writing us at: Sunshine Health, Appeals and Grievances Coordinator, 1301 International Parkway Suite 400, Sunrise, FL 33323. You may also fax us (866) 534-5972 or call us at (866)796-0530, TTY/TDD (800)955-8770. If you appeal by phone, you must also send in a written, signed appeal within ten (10) calendar days after we get your phone call for an appeal.

You can ask for an “expedited appeal” if you or your doctor think that waiting up to thirty (30) calendar days could put your life or health in danger. You or your doctor should tell us this when asking for an appeal. If we agree, we will make a decision within 72 hours of receiving your appeal. If we are going to reduce, or stop a service we had approved you to receive in the past, you have the right to keep getting the service if we approved you to get the service from the provider and the time limit we approved hasn’t ended.

## Disclaimer

Coverage of certain products listed in the guide may not apply to Sunshine Health Stars members due to member age. The Affordable Care Act (ACA) makes certain preventative medications available at no cost and these products were included in the guide for completeness. Coverage of any products listed (including over-the-counter (OTC) medications) requires a prescription from a licensed health care provider.
