Sunshine Health

2016 Preferred Diabetic Products

Pharmacy Program

Sunshine Health is committed to providing appropriate, high quality, and cost effective diabetic supplies to our Sunshine Health members. Some products may require prior authorization (PA) or have limitations on maximum quantities.

For the most current information about the Sunshine Health Pharmacy Program you may call Member Services at 1-866-796-0530 (TTY/TTD 1-866-796-0524) or visit the Sunshine Health website www.SunshineStateHealth.com.

Preferred Diabetic Product List

The Sunshine Health Preferred Diabetic Products is the list of covered diabetic testing supplies including blood glucose test strips, lancets, calibration liquid as well as insulin syringes that are covered through the Sunshine Health pharmacy benefit. The Preferred Diabetic Product List only applies to supplies you receive at retail pharmacies, not through the durable medical equipment benefit (DME). The Sunshine Health Preferred Diabetic Product List is continually evaluated by the Sunshine Health Pharmacy and Therapeutics (P&T) Committee to promote the appropriate and cost-effective use of diabetic supplies. The Committee is composed of the Sunshine Health Medical Director, Sunshine Health Pharmacy Program Director, and several Florida primary care physicians and specialists.

Pharmacy Benefit Manager

Sunshine Health works with Envolve Pharmacy Solutions to process all pharmacy claims for prescribed drugs. Some drugs on the Sunshine Health PDL require a PA and Envolve Pharmacy Solutions is responsible for administering this process. Envolve Pharmacy Solutions is our Pharmacy Benefit Manager.

Dispensing Limits

Diabetic supplies may be dispensed up to a maximum of 34 days supply for each new prescription or refill. A total of 85% of the days supply must have elapsed before the prescription can be refilled for preferred diabetic products at a Sunshine Health network pharmacy.
